6.1. Part of the country

COMMON ANALYSIS
Last update: January 2025

The first step in the analysis of IPA is to identify a particular part of the country with regard to which the criteria of Article 8 QD/QR would be examined in the individual case.

The example of **Tehran** has been selected as the capital, biggest city, and economic centre of Iran.

The selection of Tehran for this common analysis and guidance note does not prevent case officers from considering the application of IPA for other parts of Iran, provided that all criteria described hereunder are met.
