2.12.5. Conflict-related infrastructure damage and other war impacts

Between 1 March 2025 and 17 August 2026, Insecurity Insight recorded four attacks on health care in White Nile state, three of which were drone strikes attributed to the RSF and the other an unattributed drone strike. The attacks resulted in the destruction of a warehouse and caused damage to two health facilities.1090 Between 1 March 2025 and 31 May 2026, Insecurity Insight documented two RSF drone strikes on educational facilities, with one of these incidents causing damage or destruction to the facility.1091 Drone attacks on civilian infrastructure were reported throughout the reference period, such as on an oil refinery in Al-Jabalain in November 2025,1092 and increasingly in 2026, with attacks on medical facilities,1093 a school,1094 and electrical facilities causing power outages.1095 Another two drone strikes hit fuel stations.1096
