2.16. Gedaref

In the reference period covered by the previous EUAA COI Report Sudan – Security Situation (February 2025), the SAF maintained control of the state[1214] and established training camps for fighters from armed groups of the Darfur Joint Forces there.[1215] The RSF, meanwhile, only managed limited incursions from neighbouring Al Jazirah state into the area around El Fao (El Faw) in western Gedaref throughout 2024.[1216]
