2.18.4. Civilian casualties

A series of drone strikes on Port Sudan in May 2025 reportedly resulted in 17 civilian casualties.[1276] According to local sources, in March 2026, nine miners were killed in an Egyptian infantry attack, in the north of Red Sea state on the border with Egypt.[1277] Furthermore, in June 2026, Egyptian airstrikes and a ground offensive against miners in Red Sea state,[1278] close to the Hala'ib triangle,[1279] reportedly killed and injured dozens of workers.[1280]
