## Learning outcomes & description

### DESCRIPTION

The aim of this training is to familiarise the learners with the information provision materials developed by the EUAA pursuant to Article 20 of the Asylum and Migration Management Regulation (AMMR) for use during the responsibility determination procedure, including in the context of EURODAC. The training will further equip you with the skills to complete and apply these materials effectively and to tailor them with Member State-specific information in line with the profile of applicants with special reception or procedural needs.

### LEARNING OUTCOMES

At the end of this module, the learner will be able to:

1. Identify the different information provision materials developed by the EUAA in line with Article 20 of the AMMR for applicants with special reception or procedural needs, including in relation to Eurodac.
2. Understand how to use the information provision materials developed by the EUAA pursuant to the AMMR for applicants with special reception or procedural needs, including in relation to EURODAC, and how to complete them with Member State specific information.

### DELIVERY METHOD

The tailor-made training is online and self-paced (asynchronous) and can be delivered upon demand.
